

Supported Family Agreement

This agreement must be signed by families that desire the support of a Care Team.

Care Team volunteers can offer two basic levels of support:

1. Family helpers (supervised): These volunteers support your family through bringing meals, doing light yard work or other small household chores that do not involve unsupervised contact with the children in your home. They serve solely at your discretion under Reasonable and Prudent Parenting Standards (RPPS) and your agency.

2. Child Mentors/Alternate Caregivers (unsupervised): These volunteers can have contact with the children in your care through roles such as babysitters or transporters (with driver's license & proof of insurance on file) where you as the parent may not be directly present. **As your agency allows**, if you have a prior relationship with them, they may serve up to 3 times at your discretion before they must complete various RPPS background checks required by your placement agency and be approved by the agency for service. **If you do not have a prior relationship with them**, they must be approved to serve by your placement agency and have a background check and fingerprinting before starting to serve your family. In either case, it is your job to verify that your agency approves of their service.

I understand my responsibilities as a parent/caregiver, and I allow for a care team to serve my family and the children in my care. I have read and am familiar with Reasonable and Prudent Parenting Standards and my agency's specific requirements.

Both parents/caregivers (if applicable) must sign and date this agreement.
